## JURY DISAGREES IN SMITH CASE

After Deliberating Several Hours,  
Fails to Reach Agreement Saturday Night

THIS IS VACATION WEEK

Calendar For February, Including  
Case of State vs. Cline, is  
Partially Made Out

The jury in the case of the state against Walter S. Smith, charged with incest, disagreed Saturday night. The charges were brought by his daughter, Gladys Smith, and the case started on Thursday; the trial requiring three days. Evidence of the most sensational order was introduced, and much interest was displayed in the case by people of Rush county.

The jury was out until almost ten o'clock Saturday night and failed to reach a verdict, being divided six to six. The case was given to the jury about 11 in the morning and the jurors were out for almost the twelve hours. Many people lingered in the court room until the jury returned.

Saturday was the last day of the November term of court and this week will be vacation week between the November and February terms.

Judge Sparks was out of the city today hearing a divorce case in Connersville, where he acted as special judge.

The court calendar for the February term which begins a week from today, has been made out. On February 9 the case of the state against Ora Cline, who was recently arrested on a charge of contributing to the delinquency of Miss Gladys Smith, will be tried. Much of the same evidence as introduced in the trial here last week, will have to be repeated in the Cline trial.

It will be recalled that Cline's name was mentioned by every witness in the case against Smith, and the defense in that case attempted to show the jury that the girl was shielding Cline by trying to place the blame upon her father.

Gertrude Kinnett of Milroy has filed suit in court for divorce from Samuel H. Kinnett, alleging that he has failed to support her, and has failed to provide the necessary wearing apparel. She states in the complaint that they were married December 23, 1915 and separated Jan. 20 of this year.

Judge Sparks has overruled the motion of S. H. Coulter and Edgar Archey of Milroy, who had asked for a new trial in their hog cholera case, brought by Fred Hilgoss. Hilgoss was recently awarded \$1150 damages against the defendants, who in turn filed a motion for a new trial.

The calendar for the next term of court as made out by Judge Sparks is as follows:

Feb. 3—State vs. Collins; State vs. McAllister.  
Feb. 4—Onire vs. Hackleman.  
Feb. 5—Teamster vs. Heyley; State vs. Patterson.  
Feb. 6—State vs. Pool.  
Feb. 9—State vs. Cline.  
Feb. 10—Hensley vs. A. N. Harrold.  
Feb. 11—Carpenter vs. Daubenspeck.  
Feb. 12—McCorkle vs. Hines.  
Feb. 13—Pentland vs. Friedman.  
Feb. 16—Sefton vs. Ramer; Elder vs. Kelso.

Feb. 17—Knecht vs. Evans.  
Feb. 18—Gardner vs. Goddard est.  
Feb. 19—Leforge vs. Miller.  
Feb. 23—State vs. Stewart.

The calendar for the remainder of the term has not been completed, noackage as g33ruary

## I. W. W.'S GO ON TRIAL

Montesano, Washington, Jan. 26. The trial of eleven alleged I. W. W.'s arrested in connection with the Armistice Day celebration at Centennial, Washington, opened today before Special Judge J. Wilson. Defense Attorney G. Vanderveer denied a charge of venue.

## BREAKS WRIST IN FALL

George Conner, age sixty-seven, of Blue Ridge, broke both bones in his left wrist when he fell on the ice in the yard at his home Saturday.

## R. S. Davis Announces He Wants Nomination on Republican Ticket

Another county primary candidate appeared on the political horizon today when R. S. (Simp) Davis announced that he was a candidate for the republican nomination for county commissioner from the middle district. Mr. Davis is the first candidate for this office to file his declaration of intentions in the clerk's office.

Mr. Davis for the last few years has been engaged in the retail meat business, being part owner of the Peoples Meat Market at 703 North Main street. He was formerly in the livery stable business with his brother, John Davis.

## STATE PRESIDENT IS TO ATTEND MEETING

Definite Assurances Received That  
Lela B. Chesline Will Attend  
Rebekah Session

16 LODGES IN THE DISTRICT

Definite assurances have been received that Lela B. Chesline of Indianapolis, state president of the Rebekahs, will attend the district meeting which will be held in Rushville tomorrow. Responses have been received from nearly every one of the sixteen lodges in this district which indicate that the attendance will be above the average.

This district is composed of Shelby, Decatur and Rush counties and each of the lodges is entitled to two delegates. Many others will attend besides the delegates, it was stated today. There are five lodges in Rush county located at Carthage, Milroy, Homer, Arlington and Rushville.

Mrs. Mary Reddick of Carthage, district president, will preside at the business sessions and has also arranged the program of one hour's duration, which will be given tomorrow evening. The entertainment will be provided almost entirely by talent from the Carthage lodge. The Rebekah orchestra will provide the music for the meeting.

## ICE COAT BEGINNING TO DISSAPPEAR TODAY

Temperature of 35 Degrees Above  
Zero Brings Some Relief—  
Warmer Weather Promised

FIVE ABOVE SUNDAY MORNING

The sun today had a tendency to melt the ice in some places, but it will take several days before the thick layer that is upon the earth's surface can be dissolved. The temperature today at noon was recorded by Elwood Kirkwood, weather observer, at 35 degrees above zero. Yesterday morning was extremely cold, the temperature falling down to five degrees above some time in the night. Last night it registered 10 above. Sunday did not see much warmer weather as the highest reached was 21 degrees.

Weather indications for tonight point to increasing cloudiness with rain or snow. In all probability, the weather department says, it will rain, as warmer weather is predicted for tonight, which combined with the cloudiness, will bring rain, and in case of colder weather, it will turn to snow. Lowest temperature tonight is predicted to be 25 degrees.

## ONE LIFE LOST IN FIRE

Detroit, Jan. 26.—The body of an unidentified man was recovered today from the ruins of the Hoffman hotel, destroyed by fire which started shortly after midnight and continued until daybreak. Fire Chief Callahan expressed the opinion that several others had been unable to escape as all the lights in the hotel were extinguished almost as soon as the fire started.

## PRIZES AWARDED IN THE CORN SHOW

Farmers Institute For Southern  
Rush County Attended by Large  
Crowd at Milroy

NEW OFFICERS ARE ELECTED

Hubert Innis is Named President,  
Elmer Harrison Secretary and  
William Martin, Treasurer

The annual farmers' institute of southern Rush county was held Saturday in the auditorium of the Milroy high school building and proved to be a big success.

The morning session opened at 10:30 o'clock with music by the high school and at 10:40 Mr. Pipal of Purdue university gave an interesting and instructing lecture on "Control of Grain Smuts." His lecture was followed by a round table discussion led by J. C. Power, and the appointment of committees.

Lunch was served at noon to the farmers present under the auspices of a committee in charge, consisting of Mrs. J. C. Power, Mrs. Ray Selby and Mrs. George Senour.

The afternoon session opened with a business meeting during which a report was given from each committee. After the business session Miss Mabel Morris sang, followed by a talk by the county agricultural agent, Marion F. Dietrich, on "Corn Root Rot," and an address by Mrs. C. L. Lindley of Salem, Ind.

One of the features of the institute was the corn show. Competition in the show was open to Orange, Anderson and Richland townships. Several entries from Orange township, where there has been some prize corn exhibited, were made. The prizes given were cash prizes consisting of \$5 for the first prize and \$2 for the second prize. The winners were as follows:

Best ten ears of yellow corn—First, Chris King; second, Alex Innis.

Best ten ears of white corn—First, Lawrence Archey. There were no other entries in this class.

Lawrence Archey won the first prize on the best single ear of any variety, his showing being a white ear of corn, and Ray Power took second place with an entry of a single ear of yellow corn.

The following officers were elected during the business session for the coming year: President, Hubert Innis; vice-president, D. F. Jackman; secretary, Elmer Harrison; treasurer, William Martin.

## MOVES TOP FACTORY

Nick Tompkins has moved his automobile top factory from the Modern Appliance building to Wade Sherman's shop in South Perkins street. The Modern Appliance building will be occupied shortly by the Lookbae company, which was recently organized here to manufacture lookbacks for automobiles and other appliances.

## Supreme Court Moves To Dismiss Attack On Prohibition Amendment

Arguments on Rhode Island Action,  
Which Will Be Held in March, Expected to Determine Whether Constitutional Measure Will Stand.

MANY ATTACKS ARE PREPARED

(By United Press.)

Washington, Jan. 26.—The supreme court today moved to dismiss Rhode Island's attack on the validity of the constitutional prohibition amendment.

Attorney General King stated the motion cannot be argued until March because Rhode Island attorneys are not yet ready.

Recess of the court during February will delay it until that time.

The court agreed to advance the appeal from the Ohio court which will determine whether the state by referendum can override the action of the state legislature in ratifying their constitutional amendment.

## SAYS FRANCE IS REBUILDING NOW

Elmer Hutchinson of Arlington Receives a Letter From a Man in  
Pitres France

MAKES SON'S ACQUAINTANCE

Ross Hutchinson Makes Call on  
Gentleman and Also Meets The  
Mayor of the Village

Elmer Hutchinson of Arlington has received a communication in the form of a letter from H. Aube, who is a teacher and public worker in Pitres, France. Ross Hutchinson, son of Mr. and Mrs. Elmer Hutchinson, who served in France, during the war, has made the acquaintance of the gentleman and prompted him to write.

The letter in part is as follows:

"I have received with pleasure and interest the pieces of money that you have sent me by Maurice Lamperier. I shall preserve them carefully in my small collection, also the \$20 note, the souvenir of your famous war of Secession. I thank you deeply for your kindness, and shall be happy in my turn to send you some pieces of our country. As you say one would not know how to find naturally any very old pieces in a country which still calls itself the 'New World'."

I have had the pleasure to make the acquaintance of your son, Ross, with whom I was able to talk for a few minutes only. Mr. Freret, the mayor who is also a neighbor and friend, has also had the pleasure to meet your son."

Mr. Aube also spoke of the poor railroad facilities since the war, and stated that even now they had not been any ways near restored to their former management. He also stated that the people in his vicinity were eager to have the United States ratify the peace treaty.

The writer also briefly told of the devastated lands in France many of which were laid bare by the harvest of the recent war, and he spoke of the hundreds of villages that had been destroyed, but stated that France was rapidly rebuilding and a new France was taking the place of the devastated regions.

The writer besides having a class of 75 pupils, is also secretary to the mayor, and says that he is kept busy with both positions. Continuing he says:

"I ought to busy myself with the feeding cards of some refugees who are yet 200 in the community, to secure the service of the state to regulate the laws of assistance for these helpless one, and to busy myself with the military pensions for the older soldiers and parents. I work continuously 15 hours a day and never stop. Sometimes I am very tired."

Closing, Mr. Aube says: "I am always interested in your country and if I had 25 years, I perhaps would not hesitate to become a citizen of your United States."

## Supreme Court Moves To Dismiss Attack On Prohibition Amendment

The greatest legal drive against any law in the history of the country appeared to be looming up in many attacks being made or prepared against the constitutional prohibition amendment.

Government attorneys today estimated that it will be two years before it is known definitely whether constitutional prohibition will stand on a firm legal foundation. They held out little hopes that there would be a "tilting of the lid" during that time.

CALLS ON "DRYS" TO ACT

Washington, Jan. 26.—Calling on friends of prohibition to get busy rather than quit, Wayne B. Wheeler, general counsel of the Anti-Saloon League of America, in a statement last night declared that "wet" organizations are encouraging defiance to national prohibition in Rhode Island, Massachusetts, New York, New Jersey, Wisconsin, and several other states.

## TO CONTINUE ITS EFFORTS

Council of Ambassadors Refuses to  
Take No as Answer From Holland

(By United Press.)

Paris, Jan. 26.—The council of ambassadors today decided to continue its efforts to induce Holland to give up the former kaiser for trial by the allied tribunal.

The council instructed the French government to prepare a reply to the note of refusal, taking up the Holland government's note argument by argument. The council also decided that pending ratification of the Versailles treaty by the United States, the presidencies of the various plebiscites would be filled by French delegates instead of Americans.

## LOCAL PASTOR AND CHAIRMAN TO ATTEND

The Rev. J. T. Aiken and A. C.  
Brown Going to Stewardship  
Retreat in Indianapolis

A NEW WORLD MOVEMENT

The Rev. J. T. Aiken, pastor of the First United Presbyterian church and A. C. Brown, chairman of the stewardship retreat which will be held at the Y. M. C. A. building in Indianapolis tomorrow in connection with the New World Movement being conducted by the church. The retreat will be held between the hours of one and four.

The pastors and stewardship chairmen of the Indiana presbytery will be in attendance and they will be addressed by the Rev. A. W. Jamieson of Zenia, Ohio, former pastor of the Rushville church, who is synodical superintendent and secretary of the New World movement. Dr. D. D. Dodds, also of Zenia and chairman of the special campaign, will also be a speaker.

The retreat is being held in preparation for the stewardship campaign which will be held throughout the United States next month. The aim is to enroll one-third of the members of the church, or 50,000 people, as titheers.

## LODGE DELIVERS AN ULTIMATUM ON TREATY

Refuses to Resume Conferences  
Without Assurance of no Changes  
in Article 10

LIKewise MONROE DOCTRINE

(By United Press.)

Washington, Jan. 26.—Senator Lodge, republican leader, today refused to resume the bi-partisan treaty conference except upon definite understanding that no change whatever be made in the Lodge reservations on Article 10 and the Monroe Doctrine.

He delivered this virtual ultimatum to the democratic members at a brief meeting today. Democratic conferees immediately went into executive session to decide on their answer. Senator Hitchcock in a statement added that the democratic reply will be delivered at another meeting tomorrow morning.

Lodge's action is believed to have made the certain breaking up of conferences and the marked failure at his effort of treaty compromise.

The conference up to the time its meetings were interrupted had agreed upon the preamble and all sections of the reservations except that relating to Article 10 and the Monroe Doctrine and a few other minor clauses and a compromise on Article 10 was almost certain when the adjournment came follow on by the intervention of the irreconcilable republicans, Lodge declared.

INTERCHURCH CONFERENCE

Indianapolis, Ind., Jan. 26.—Protestant ministers of Indiana assembled here today to attend a conference of the Interchurch World Movement of North America. Prominent leaders in the movement were on the program to expound the work.

## ABANDONS IDEA OF WORLD REVOLT

Lenine Decides it is Unnecessary,  
Ludwig Martens Tells Senate  
Sub-Committee

CAN DEFY REST OF WORLD

Socialist Ambassador to This Country  
Says Soviets Have Con-  
tracts For U. S. Goods

(By United Press.)

Washington, Jan. 26.—Lenine has abandoned his idea of world revolution, Ludwig Martens, socialist representative in the United States, told the senate foreign relations sub-committee today.

"There was a time when the Russian Soviet believed that revolution in all other countries was necessary," Martens said.

"The idea has disappeared now because Russia has demonstrated that it can exist against the rest of the world."

"Russia is now strong enough to defy the other governments. That is the reason Lenine wrote to the Italian Soviets advising against revolution. I believe this is a period of reconstruction," Martens declared.

Tentative contracts for American goods totaling seven billion dollars have been made by the Russian Soviet government, Martens said. The commodities purchased include food, medicine and shoes.

The American goods will be paid for in gold upon delivery. The Russian government has between \$150,000 and \$500,000 in gold in its possession, he asserted.

Martens promised to provide a list of 11,000 persons in the United States with whom contracts have been made.

The committee adjourned shortly after noon today and will resume questioning of Martens Tuesday.

## WIVES OF ROTARIANS RECEIVE INVITATIONS

Fort Wayne Club Members And  
Their Wives Getting Ready to  
Entertain The Ladies

CONCERT ONE OF BIG EVENTS

The wives of the members of the local Rotary club will be interested in the announcement which comes from Fort Wayne to the effect that the Fort Wayne club members and their wives are getting ready to entertain the visiting Rotary ladies in royal style when they go to Fort Wayne for the Eleventh District Rotary Conference February 11th and 12th. Personal invitations have been received by the wives of local Rotarians to attend.

One of the big events prepared for the visiting ladies, is the concert of the Detroit Symphony Orchestra which will appear on the night of February 11th at the Palace Theatre. The theatre itself is said to be the finest in the middle West, and certainly the Detroit Symphony Orchestra concert is an attraction of the highest order. Evidently, the Fort Wayne Rotary club is going to the limit to provide a good time for the ladies, who, of course, will not be in attendance at the regular business sessions of the Conference.

Speakers of international prominence will be on the program of the Conference, on Lincoln's birthday. The event will doubtless be the largest gathering of Rotarians in the middle West. Last year's Conference at Indianapolis, which was the first since the Eleventh District was confined to the State of Indiana, was a wonderful success, and the Fort Wayne will have to "go some" to excel it. But the club of that city is a live one and great things are expected of it.

**WATSON WOULD GIVE RANK TO ARMY NURSES**

Writes Miss Meyers That He Will Support This Feature of Army Reorganization Bill

**NEW FRAMED ARMY BILL**

Washington, January 26—Senator Watson favors military rank for army nurses. He went on record to this effect today when he wrote to Miss Mary Meyers, president of the Indiana State Nurses' Association, that he will support this feature of the new army reorganization bill which the military committee has just introduced. The Indiana nurses who served in the recent war recognize the value to the service of giving authority to nurses. They want military rank because such authority will make it easier for them to enforce their orders given to hospital attendants. A campaign to get military rank, or relative rank of commissioned officers, was begun before the war ended and it has been since continued. It begins to look like the nurses would meet with success. They consider that they have made a distinct gain in getting Senator Watson committed to their proposition. Senator New is a member of the military committee and is committed to their proposition.

**NEW MEMBERS RECEIVED**

Record Attendance at First U. P. Church Following Revival

Yesterday was a record-breaking day at the First United Presbyterian church. Despite the icy streets, and the difficulty with which people could get out, the auditorium of the church was filled; and the pastor, the Rev. J. T. Aikin stated that the attendance at the communion service was the largest at any time during the four years of his pastorate. Such an attendance under such conditions gives evidence of a very deep interest in spiritual things, he said.

Seven more persons were received into the membership of the church. Almost all of those who united with the church during the evangelistic campaign which has just closed, were present to be publicly welcomed and received. The ordinance of baptism was administered to 21 persons. Up to the present time, 41 new members have been received in connection with the campaign.

**HOW****A HORSE TALKS**

If horses could talk, we would get a few of these dumb beasts around us to help sell the "Rushville Special" Spreader. If these dumb beasts could speak the human language, horses would be the best advertisements we have.

A man who thinks anything of his horses, can't help liking this spreader if he will once mount the seat and put his horses in front of him and see them work in the modern three-horse hitch. With this equipment every horse travels without the least side draft, not a tug pulling a bit out of line. Each horse pulls exactly one-third of the load. If horses could talk, this is the spreader they would choose.

When the "Rushville Special" Spreader goes into the field with a big load, there is hardly a bit increased draft on the horses when it begins to spread, and every foot of load that leaves the machine decreases the draft in proportion. Something that cannot be said of any other spreader on the market.

The fact that this spreader will turn in a short circle distributing at full feed a difficult load, proves that the traction is at least 100 per cent in excess of the average requirements. This means scientific handling of difficult material, because if the draft is on the beater wheel the horses will feel it. The time that a spreader becomes a horse-killer is when it is partly unloaded and the packed condition of the load clogs the beater wheel—something that never happens with our machine.

If horses could talk they would choose this spreader, because the wheels are mounted UNDER the load, and the front and rear wheels are close together. This means light draft—something that horses like.

# Health Authorities Warn the Public to Beware of Epidemic

Reports Show That Influenza Epidemic Is Gaining Headway in Many Sections of the Country.

LAST YEAR'S RECORD BROKEN IN CHICAGO

Persons Weak and Run-Down Are Easy Victims. Fortify Against Attack by Taking Tanlac.

According to late press reports by state and city health authorities, influenza is again being epidemic in many sections, much alarm is now felt that it become general over the entire country.

The disease has made its greatest progress in Chicago and vicinity, where thousands of new cases are reported daily. Recently 2514 cases were reported in Chicago in one day, making last year's record when the epidemic was at its height. Reports from other sections are also alarming, and the disease is gaining headway in some sections of Texas, Virginia, the Middle West and on the Atlantic Coast. It has also appeared in other communities, although it has not as yet reached the epidemic stage.

Due to the lateness of the season, it is not thought possible that the disease can become the great terrifying scourge that it was last year, when it swept the entire country and claimed its victims by hundreds of thousands. The danger is too great, however, to take any chances, and everything possible should be done to ward it off.

Medical authorities agree that people who are weak and run-down are the earliest victims of influenza. If you find yourself tired (and nervous), weak and losing flesh, or if you are in a generally run-down condition or catch cold easily, this warning should be heeded promptly. You are really in danger if exposed to the disease, because it is generally believed to be very contagious, and you are apt to fall an easy victim if you come in contact with the germs.

People who are well and strong are not likely to contract the disease because they are able to throw it off. The common-sense way to keep from taking it is to fortify the system against attack by building up the constitution, in other words, begin immediately to build up your powers of resistance.

To accomplish this it has been demonstrated that nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic which contains the very elements needed to build up the system and give you fighting strength to ward off the influenza germ.

First of all, Tanlac begins its work by creating a good, healthy appetite for wholesome, nourishing food, and assists every organ of the body to perform its natural function, thus helping to build up health and strength in the natural way.

Tanlac is also an ideal strengthening tonic for persons who are suffering from the after-effects of influenza, Grippe, and bronchial troubles, and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are enclosed with every bottle of Tanlac. It is also important that the everyday rules of hygiene be observed, that is, sleep in well-ventilated rooms, get plenty of fresh air and exercise, and keep away from crowds.

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manila by Geo. J. Inlow; and Arlington by Mrs. L. T. Davis. (Adv.)

## AMUSEMENTS

Houdini Here Today and Tomorrow

One of the most amazing air accidents in the history of the aviation forms the sensational climax of a new Paramount-Artcraft picture, "The Grim Game," starring Houdini, the most famous hand-off king, which is coming to the Princess theatre today and tomorrow. According to the story, Houdini in an airplane is pursuing a murderer, who is trying to escape in another machine. At a height of 3,000 feet Houdini is supposed to glide above the other machine, let himself down into the cockpit beside the murderer by means of a rope, and throttle him.

All went well with the stunt, the two machines circling one above the other and a third, containing Director Willat and the photographer, a hundred pards away, until Houdini was just about to loose his hold on the rope. Then suddenly a gust of wind lifted the lower plane into the upper one, and their propeller locked. They dropped like rockets, revolving nose on nose, with Houdini still dangling on the rope and the two aviators making frantic efforts to control their machines. Death seemed certain. But a few hundred feet from the ground, with both propellers gone, one of the air men by a miracle, succeeded in falling into

## 16th Episode of Serial

The sixteenth episode of the serial, "The Midnight Man," entitled "Hurled From the Heights," is the attraction at the Mystic today, together with "A Village Venus" and Universal Current Events.

In the hurricane scene in the new World Picture, "Where Bonds Are Loosed," which comes to the Mystic Tuesday. Sharvin, the overseer of the native hospital, and his boy are caught in the open. So tremendous is the wind that they are compelled to lie flat on the ground and cling to the strong grass to prevent being blown away.

The hurricane is pictured in a wonderfully realistic manner. The native village is completely blown to pieces by the force of the wind, while trees are overturned and uprooted as if by a giant hand.

Sherwin and his black servant crawl along the ground in an effort to reach the shelter of the hospital on the island, which is one of the few buildings yet standing.

Eventually they are compelled to give up and, with their arms about each other, the white man and the black man cling madly to the roots of a small bush while the wind whirled and roars about them, tugging at them in vain efforts to break them from the bush which is their anchor.

Charlie Chaplin will also be seen tomorrow in "Sentimental Charley."

## Private Bill of Marines Enlists to Hunt Stills

San Francisco, Calif., Jan. 24.—John A. Still has re-enlisted in the United States Marine Corps to go on a still hunt for stills.

When Still concluded his enlistment he was on the Island of Guam in the Pacific serving on the Insular Patrol, whose chief duty is to prevent the operation of illicit stills by the natives. Still told the recruiting sergeant how the natives distilled "tuba," the juice of coconut palm blossoms, into fiery "agnardiente".

Still wants to return to the still hunt for stills in Guam. He likes the climate, the "chow" and the job, and so he will be a passenger on the next steamer for the Far East.

## YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs. This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

## The Future is Bright

There is no occasion to be dis-  
courage about the future. The  
prospects for continued business  
prosperity were never brighter. If  
for but a moment, the period of the  
war is recalled—with its abnormal  
period of prosperity based upon war  
orders, making normal construction  
impossible, it is not difficult to see  
that the coming few years hold  
much in store for the man who is  
willing to work.

Everything in the line of peace  
time construction was neglected.

## URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading  
Druggist of Covington, Ky., Who Has Made  
Special Study of Catarrh.

### Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is  
a disease not to be taken seriously  
are harshly rebuked by a Ken-  
tucky druggist who has for years  
been much interested in the  
growth of this loathsome, yet al-  
together too common disease.

He claims that the sore, tender,  
inflamed membrane of the nos-  
trils and throat is a prolific  
breeding ground for germs—not  
only the germs of influenza, but  
many other kinds as well.

If people would only stop ex-  
perimenting for two weeks and  
try a simple remedy made of  
Mentholized Arcline mixed with  
enough boiled water to make a  
full pint, half of the catarrh in  
this country would be abolished.

It's really no joke for people

who don't know about this simple  
recipe to be constantly sniffing  
and sneezing, blowing and hawk-  
ing, when all these obnoxious  
symptoms as well as the foul dis-  
charge can be made to disappear  
in a few days.

Ask for three-quarters of an  
ounce of Mentholized Arcline—  
that's all you need and after you  
have mixed it with enough boiled  
water to make a pint, gargle the  
throat twice daily and sniff or  
spray some up the nostrils, as di-  
rected.

The tender nostrils will soon  
lose their soreness, heal up, and be  
clean and healthy.

Important Reminder: Just as  
soon as anyone in the family gets a  
cold in the head, check it at once  
with this same medicine.

**Seneca**

## By BEST MOORE

The men who do things are men  
who dare.

Aristocracy consists largely of  
the absence of morality.

Jazz music is the savagery in hu-  
man nature expressed in noise.

Fame comes from but one cause—  
and that is by upsetting something  
that is old.

We all have a right to happiness,  
but nobody seems to know how the  
blamed thing works.

Hez Heck says: "A lot of women  
pay more attention to their skin  
than they do to their housekeeping."

Home-building in both city and  
country remained stationary. Rail-  
roads built no new tracks and neg-  
lected repairs to their property, such  
as renewing ties, reconstructing  
bridges, buying new cars, etc. In  
almost every city the schoolhouse  
facilities are inadequate. Office build-  
ing space does not near meet the  
demand. Enterprises requiring struc-  
tural steel have deferred construc-  
tion owing to the fact that during  
the war the steel mills were busy on  
war orders.

All these facts furnish the basis  
for the prediction that for the next  
three to five years, at least, there will  
be work for all who want it, and  
occupation for every useful enter-  
prise. It will take not less than five  
billion dollars expended in repairs  
and reconstruction to put the rail-  
roads back on an efficient working  
basis. It will take nearly half that  
sum to supply this country with the  
needed residences to properly house  
its people. While this reconstruction  
work is in progress, there will be a  
ready market for all the farm pro-  
ducts that can be raised. The log-  
ging camps, the saw mills and plan-  
ing mills, the mines and foundries,  
the paper mills, the packing houses,  
the textile and clothing mills, will  
all be working at practically full  
capacity.

With all the manifest needs of  
the country, and the almost unlim-  
ited opportunity for useful service,  
there can be no excuse for idleness  
on the part of either labor or capi-  
tal unless the activities of bolshe-  
vists shall frighten men of enter-  
prising spirit from new undertak-  
ings.

## Radicals Plus Radicals

Look at Russia—a nation in the  
hands of radicals!

Would you like to live in Russia?  
Would you like to see this country  
transformed into another Russia?

Radicalism made Russia what it  
is today—radicalism on both sides.  
The czars of Russia have been the  
greatest radicals of modern times  
probably of all times. Their radical-  
ism was all in favor of plundering  
the poor in favor of the rich and  
faired class. Now the czar is rot-  
ting in an unadorned grave—mur-  
dered by another set of radicals—  
the peasant bolsheviks. The rich and  
faired are no longer rich or faired.  
They are being plundered and  
murdered by the very people whom  
they robbed a few short months ago.

A case of dog eat dog.

But take a look at our own coun-  
try. View the situation without mal-  
ice and without passion.

Capitalistic greed and radicalism

are fomenting a dangerous radical-  
ism among the laboring classes.

Radical labor leaders are contin-  
ually stirring up strife and enmity  
toward all capital.

Each wants to swallow the other  
at a gulp, and neither is willing to  
meet the other half way and adopt a  
conservative basis of adjustment of  
difficulties.

There are brains and common  
sense among both the capitalists and  
the laborers. But in both camps ra-  
dicalism makes a big noise and con-  
servatism dances to the music.

Throw out the radicals on both  
sides and we Americans will be able  
to view bolshevistic Russia with  
pity rather than with apprehension.

A radical is a radical, in whichev-  
er camp you find him.

"Are beautiful women stupid?"  
That is the query propounded by  
someone over in London, and now  
it has floated across the Atlantic to  
stir us up over here. Of course the  
answer of every sane married man  
would depend upon the personal ap-  
pearance of his wife, and of every  
lover upon that of his best girl.  
Beautiful women stupid? Ahem! Ask  
the other fellow.

John D. Rockefeller is staggering  
around under seven hundred million  
dollars worth of Standard Oil  
Stock. The poor, unfortunate, over-  
burdened man! No wonder oil took  
another jump the other day.

Moonshining in these sunny days  
of parched throats is not confined  
to the ancient habitat of the wild  
mountaineer. It is apt to be right in  
our neighbor's aristocratic cellar.

Might just as well smile over that  
income tax. You can't charge up  
worry on your expense account.

And Ireland, it would seem, is  
something more than a spot on the  
map.

## WEATHER FOR THE WEEK

Washington, Jan. 26.—Cold weath-  
er in the Ohio valley is predicted,  
for the greater part of the week,  
probably with precipitation of con-  
sequence until possibly after the  
middle of the week.

tained from certain fungi, which are  
dried and ground, mixed with cement  
and consolidated by pressure.

# Suggestions to Builders

Indications are that there will be an unprecedented amount of building this year.

The stock in the hands of all dealers is below normal.

The Planing Mill facilities of the country are overtaxed.

Which conditions indicate that prices will be higher later.

**Therefore, if you intend to build anything  
you will save money, get better service and  
secure better material by placing your  
order now.**

Attend to the many preliminary details before the busy season, and avoid the rush and  
hurry of springtime.

**ORDERS FOR SPECIAL MILLWORK, BUILT-IN CABINETS,  
STAIRWAYS, FRENCH DOORS, SCREENS, AND OTHER  
REPAIRS SHOULD BE PLACED NOW FOR PROMPT DELIVERY**

During the season just closed we were compelled to refuse many orders of that char-  
acter, due to the heavy building operations, but for a few weeks, we will be able to get  
this class of work out promptly. Anticipate your requirements and assist us in car-

### Rheumatism Leaves You Forever.

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitious and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed all druggists to guarantee it in every instance.—(Adv.)

**SETS PACE FIRST 10 MINUTES**

Miller, Local Forward Who Went in The Second Half, Catches Two Field Goals Quickly

Playing an almost defensive game against Anderson Saturday night, the locals lost to them by the score of 49 to 9. The game was much more interesting than the score would indicate, as the local players at no period in the game lacked pep but fought until the final whistle.

Anderson is considered one of the runners-up for state honors and ranks along with Martinsville and Franklin. No team this year has been able to hold Anderson; and the locals consider themselves fortunate in keeping within 40 points of them.

Anderson beat Milroy by 66 points which makes Rushville 26 points better than Milroy, according to dope.

During the first ten minutes of play, the locals held Anderson to a 6 to 2 score, Eakins having made good a long field shot from the center of the floor.

Hooker, forward for Anderson, was removed at this period of the game, and Williams was sent in. From then on Williams began to make up for the lost time and found the basket for eight trips.

Grissman, the small forward for Anderson, played a fast game in the first half, making three goals, and was substituted in the last half by Burdette who also made three goals.

E. Headlee held his opponent, Dykins to only two field goals in the first half, but gradually weakened in the last half and allowed him to cage a total of seven.

Anderson made only three fouls in the entire game and Eakins made good one of them. Rushville made seven fouls, Gale throwing five of them.

When the first half ended Anderson was leading 20 to 5. In this half Eakins made one and E. Headlee netted one, both being made from the center of the floor.

Miller was unable to play in the first half, or perhaps the score would have been larger. He was sent in to replace Moore at the beginning of the second period, and in a short time managed to make two field goals both of them being made from an extremely difficult angle and at a distance that was beyond the place usually set for making goals.

Rushville seemed to play too much of a defensive game, as the locals had good team work and used it to good advantage.

Anderson took the ball down the floor at a fast pace, and made good on short, fast passes. The visitors used the same players in their lineup Saturday night here as they used at Anderson when Milroy played there.

Local fans were elated over the outcome of the game, but the score for Rushville should have been several points higher on account of bad goal shooting. This puts a different complexion on the district tournament here, as it gives the local team a bigger advantage over the Milroy team.

Interest is already being displayed here and at Milroy for the game of February 11, when these two teams clash here.

The score and summary:

Anderson (49)	Rushville (9)
Hooker	F
Grissman	F
Dykins	C
Gale	G
Wolski	G
	Frazee

Substitutes, Anderson: Williams for Hooker, Burdette for Grissman; Rushville, Miller for Moore. Field goals, Williams 8, Grissman 3, Bur-

dette 3, Dykins 7, Gale, Miller 2, E. Headlee, Eakins. Foul goals Eakins, Gale 3. Referee Gilson, Indianapolis.

**New Salem 14; Arlington 10**

The preliminary game was played Saturday night between the teams from New Salem and Arlington high schools, which resulted in a victory for the New Salem team 14 to 10. The New Salem team has showed marked improvement in the past few games and astonished the Arlington team by their brilliant playing.

For sometime in the last half Arlington was held scoreless, but soon got their eye on the basket and climbed up to the ten points.

New Salem lined-up as follows: Melcher and Logan, forwards; Moore, center; Jinks and Wilson guards; Arlington: Birt and McKibben, forwards; Nelson, center; Macey and Huffard, guards. Field goals: Melcher 4, Logan, Moore 2, Birt 3, McKibben. Foul goals Birt and McKibben.

### MRS. FRED WILSON'S TRIAL SET FOR TODAY

Woman Charged With Murder of Charles Brown, Wealthy Young Sheep Raiser of California

BROTHER ALSO IS ACCUSED

Marysville, Cal., Jan. 26—Trial of Mrs. Fred J. Wilson, beautiful wife of a San Francisco newspaperman, for the murder of Charles Brown, wealthy young sheep raiser, was to commence here to-day before Superior Judge McDaniel.

Difficulty in obtaining a jury was anticipated because of notoriety given the case.

Jointly charged with the slaying of the rancher is Frank McCormick, the woman's brother. His trial is to follow hers.

Sister and brother fired simultaneously at Brown November 1 on the Lynch ranch near here, which just previously had been purchased by Wilson. The shooting followed a quarrel. Mrs. Wilson declares she fired to defend her brother. Evidence introduced at the inquest tended to prove a bullet fired from McCormick's gun ended Brown's life.

The prosecution will attempt to show Mrs. Wilson slew Brown while in a jealous frenzy because her younger sister, Mrs. Florence Howard, had supplanted her in his affections.

Mrs. Wilson is the first woman ever to be tried for murder in Yuba county.

### FIRE DEPARTMENT CALLED

The fire department answered a call Saturday night shortly after ten o'clock to box 25, corner of Perkins and Second streets, where soot was on fire in the Crull feed barn. The overheated flue in the office of the stable looked dangerous for a time, and the department was summoned. No damage resulted as the soot burned out quickly.

# MAGICIAN TO APPEAR HERE

Kringsberg Coming Thursday Under Auspices of St. Mary's Girls

Kringsberg, renowned magician, will give an entertainment at the Graham Annex auditorium Thursday night under the auspices of the girls of St. Mary's church. The program will include, it is announced, an exposure of the fallacies of modern spiritualism, showing that many of the so-called spiritualistic phenomena presented by mediums are accomplished with ease through the aid of sleight-of-hand and are not the work of spirits.

The entertainment will consist of a number of novel feats of magic which are original with him and have never been seen here.
